(iii)(I) For fiscal year 1990 and succeeding fiscal years, the Corporation shall, in carrying out its obligations under clause (i) with respect to public television programming, provide adequate funds for an independent production service.

(II) Such independent production service shall be separate from the Corporation and shall be incorporated under the laws of the District of Columbia for the purpose of contracting with the Corporation for the expenditure of funds for the production of public television programs by independent producers and independent production entities.

(III) The Corporation shall work with organizations or associations of independent producers or independent production entities to develop a plan and budget for the operation of such service that is acceptable to the Corporation.

(IV) The Corporation shall ensure that the funds provided to such independent production service shall be used exclusively in pursuit of the Corporation's obligation to expand the diversity and innovativeness of programming available to public broadcasting.

(V) The Corporation shall report annually to Congress regarding the activities and expenditures of the independent production service, including carriage and viewing information for programs produced or acquired with funds provided pursuant to subclause (I). At the end of fiscal years 1992, 1993, 1994, and 1995, the Corporation shall submit a report to Congress evaluating the performance of the independent production service in light of its mission to expand the diversity and innovativeness of programming available to public broadcasting.

(VI) The Corporation shall not contract to provide funds to any such independent production service, unless that service agrees to comply with public inspection requirements established by the Corporation within 3 months after August 26, 1992. Under such requirements the service shall maintain at its offices a public file, updated regularly, containing information relating to the service's award of funds for the production of programming. The information shall be available for public inspection and copying for at least 3 years and shall be of the same kind as the information required to be maintained by the Corporation under subsection (l)(4)(B) of this section.

(4) Funds may not be distributed pursuant to this subsection to the Public Broadcasting Service or National Public Radio (or any successor organization), or to the licensee or permittee of any public broadcast station, unless the governing body of any such organization, any committee of such governing body, or any advisory body of any such organization, holds open meetings preceded by reasonable notice to the public. All persons shall be permitted to attend any meeting of the board, or of any such committee or body, and no person shall be required, as a condition to attendance at any such

meeting, to register such person's name or to provide any other information. Nothing contained in this paragraph shall be construed to prevent any such board, committee, or body from holding closed sessions to consider matters relating to individual employees, proprietary information, litigation and other matters requiring the confidential advice of counsel, commercial or financial information obtained from a person on a privileged or confidential basis, or the purchase of property or services whenever the premature exposure of such purchase would compromise the business interests of any such organization. If any such meeting is closed pursuant to the provisions of this paragraph, the organization involved shall thereafter (within a reasonable period of time) make available to the public a written statement containing an explanation of the reasons for closing the meeting.

(5) Funds may not be distributed pursuant to this subsection to any public telecommunications entity that does not maintain for public examination copies of the annual financial and audit reports, or other information regarding finances, submitted to the Corporation pursuant to subsection (1)(3)(B) of this section.

(6)(A) The Corporation shall conduct a study and prepare a plan, in consultation with public television licensees (or designated representatives of those licensees) and the Public Broadcasting Service, on how funds available to the Corporation under paragraph (3)(A)(ii)(II) can be best allocated to meet the objectives of this chapter with regard to national public television programming. The plan, which shall be based on the conclusions resulting from the study, shall be submitted by the Corporation to the Congress not later than January 31, 1990. Unless directed otherwise by an Act of Congress, the Corporation shall implement the plan during the first fiscal year beginning after the fiscal year in which the plan is submitted to Congress.

(B) The Corporation shall make a basic grant from the portion reserved for television stations under paragraph (3)(A)(ii)(I) to each licensee and permittee of a public television station that is on the air. The Corporation shall assist radio stations to maintain and improve their service where public radio is the only broadcast service available. The balance of the portion reserved for television stations and the total portion reserved for radio stations under paragraph (3)(A)(iii)(I) shall be distributed to licensees and permittees of such stations in accordance with eligibility criteria (which the Corporation shall review periodically in consultation with public radio and television licensees or permittees, or their designated representatives) that promote the public interest in public broadcasting, and on the basis of a formula designed to--

(i) provide for the financial needs and requirements of stations in relation to the communities and audiences such stations undertake to serve;

(ii) maintain existing, and stimulate new, sources of non-Federal financial support for stations by providing incentives for increases in such support; and

(iii) assure that each eligible licensee and permittee of a public radio station receives a basic grant.

(7) The funds distributed pursuant to paragraph (3)(A)(ii)(I) and (iii)(I) may be used at the discretion of the recipient for purposes related primarily to the production or acquisition of programming.

(8)(A) Funds may not be distributed pursuant to this subpart to any public broadcast station (other than any station which is owned and operated by a State, a political or special purpose subdivision of a State, or a public agency) unless such station establishes

a community advisory board. Any such station shall undertake good faith efforts to assure that (i) its advisory board meets at regular intervals; (ii) the members of its advisory board regularly attend the meetings of the advisory board; and (iii) the composition of its advisory board are reasonably representative of the diverse needs and interests of the communities served by such station.

(B) The board shall be permitted to review the programming goals established by the station, the service provided by the station, and the significant policy decisions rendered by the station. The board may also be delegated any other responsibilities, as determined by the governing body of the station. The board shall advise the governing body of the station with respect to whether the programming and other policies of such station are meeting the specialized educational and cultural needs of the communities served by the station, and may make such recommendations as it considers appropriate to meet such needs.

(C) The role of the board shall be solely advisory in nature, except to the extent other responsibilities are delegated to the board by the governing body of the station. In no case shall the board have any authority to exercise any control over the daily management or operation of the station.

(D) In the case of any public broadcast station (other than any station which is owned and operated by a State, a political or special purpose subdivision of a State, or a public agency) in existence on November 2, 1978, such station shall comply with the requirements of this paragraph with respect to the establishment of a community advisory board not later than 180 days after November 2, 1978.

(E) The provision of subparagraph (A) prohibiting the distribution of funds to any public broadcast station (other than any station which is owned and operated by a State, a political or special purpose subdivision of a State, or a public agency) unless such station establishes a community advisory board shall be the exclusive remedy for the enforcement of the provisions of this paragraph.

(9) Funds may not be distributed pursuant to this subsection to the Public Broadcasting Service or National Public Radio (or any successor organization) unless assurances are provided to the Corporation that no officer or employee of the Public Broadcasting Service or National Public Radio (or any successor organization), as the case may be, will be compensated in excess of reasonable compensation as determined pursuant to Section 4958 of title 26 for services that the officer or employee renders to organization, and unless further assurances are provided to the Corporation that no officer or employee of such an entity will be loaned money by that entity on an interest-free basis.

(10)(A) There is hereby established in the Treasury a fund which shall be known as the Public Broadcasting Satellite Interconnection Fund (hereinafter in this subsection referred to as the "Satellite Interconnection Fund"), to be administered by the Secretary of the Treasury.

(B) There is authorized to be appropriated to the Satellite Interconnection Fund, for fiscal year 1991, the amount of \$200,000,000. If such amount is not appropriated in full for fiscal year 1991, the portion of such amount not yet appropriated is authorized to be appropriated for fiscal years 1992 and 1993. Funds appropriated to the Satellite Interconnection Fund shall remain available until expended.

(C) The Secretary of the Treasury shall make available and disburse to the Corporation, at the beginning of fiscal year 1991 and of each succeeding fiscal year

thereafter, such funds as have been appropriated to the Satellite Interconnection Fund for the fiscal year in which such disbursement is to be made.

(D) Notwithstanding any other provision of this subsection except paragraphs (4), (5), (8), and (9), all funds appropriated to the Satellite Interconnection Fund and interest thereon--

(i) shall be distributed by the Corporation to the licensees and permittees of noncommercial educational television broadcast stations providing public telecommunications services or the national entity they designate for satellite interconnection purposes and to those public telecommunications entities participating in the public radio satellite interconnection system or the national entity they designate for satellite interconnection purposes, exclusively for the capital costs of the replacement, refurbishment, or upgrading of their national satellite interconnection systems and associated maintenance of such systems; and

(ii) shall not be used for the administrative costs of the Corporation, the salaries or related expenses of Corporation personnel and members of the Board, or for expenses of consultants and advisers to the Corporation.

(11)(A) Funds may not be distributed pursuant to this subsection for any fiscal year to the licensee or permittee of any public broadcast station if such licensee or permittee--

(i) fails to certify to the Corporation that such licensee or permittee complies with the Commission's regulations concerning equal employment opportunity as published under section 73.2080 of title 47, Code of Federal Regulations, or any successor regulations thereto; or

(ii) fails to submit to the Corporation the report required by subparagraph (B) for the preceding calendar year.

(B) A licensee or permittee of any public broadcast station with more than five full-time employees to file annually with the Corporation a statistical report, consistent with reports required by Commission regulation, identifying by race and sex the number of employees in each of the following full-time and part-time job categories:

- (i) Officials and managers.
- (ii) Professionals.
- (iii) Technicians.
- (iv) Semiskilled operatives.
- (v) Skilled craft persons.
- (vi) Clerical and office personnel.
- (vii) Unskilled operatives.
- (viii) Service workers.

(C) In addition, such report shall state the number of job openings occurring during the course of the year. Where the job openings were filled in accordance with the regulations described in subparagraph (A)(i), the report shall so certify, and where the job openings were not filled in accordance with such regulations, the report shall contain a statement providing reasons therefor. The statistical report shall be available to the public at the central office and at every location where more than five full-time employees are regularly assigned to work.

(12) Funds may not be distributed under this subsection to any public broadcasting entity that directly or indirectly--

(A) rents contributor or donor names (or other personally identifiable information) to or from, or exchanges such names or information with, any Federal, State, or local candidate, political party, or political committee; or

(B) discloses contributor or donor names, or other personally identifiable information, to any nonaffiliated third party unless--

(i) such entity clearly and conspicuously discloses to the contributor or donor that such information may be disclosed to such third party;

(ii) the contributor or donor is given the opportunity, before the time that such information is initially disclosed, to direct that such information not be disclosed to such third party; and

(iii) the contributor or donor is given an explanation of how the contributor or donor may exercise that nondisclosure option.

#### (l) Financial management and records

(1)(A) The accounts of the Corporation shall be audited annually in accordance with generally accepted auditing standards by independent certified public accountants or independent licensed public accountants certified or licensed by a regulatory authority of a State or other political subdivision of the United States, except that such requirement shall not preclude shared auditing arrangements between any public telecommunications entity and its licensee where such licensee is a public or private institution. The audits shall be conducted at the place or places where the accounts of the Corporation are normally kept. All books, accounts, financial records, reports, files, and all other papers, things, or property belonging to or in use by the Corporation and necessary to facilitate the audits shall be made available to the person or persons conducting the audits; and full facilities for verifying transactions with the balances or securities held by depositories, fiscal agents and custodians shall be afforded to such person or persons.

(B) The report of each such independent audit shall be included in the annual report required by subsection (i) of this section. The audit report shall set forth the scope of the audit and include such statements as are necessary to present fairly the Corporation's assets and liabilities, surplus or deficit, with an analysis of the changes therein during the year, supplemented in reasonable detail by a statement of the Corporation's income and expenses during the year, and a statement of the sources and application of funds, together with the independent auditor's opinion of those statements.

(2)(A) The financial transactions of the Corporation for any fiscal year during which Federal funds are available to finance any portion of its operations may be audited by the General Accounting Office in accordance with the principles and procedures applicable to commercial corporate transactions and under such rules and regulations as may be prescribed by the Comptroller General of the United States. Any such audit shall be conducted at the place or places where accounts of the Corporation are normally kept. The representative of the General Accounting Office shall have access to all books, accounts, records, reports, files, and all other papers, things, or property belonging to or in use by the Corporation pertaining to its financial transactions and necessary to facilitate the audit, and they shall be afforded full facilities for verifying transactions with the balances or securities held by depositories, fiscal agents, and custodians. All such

books, accounts, records, reports, files, papers and property of the corporation shall remain in possession and custody of the Corporation.

(B) A report of each such audit shall be made by the Comptroller General to the Congress. The report to the Congress shall contain such comments and information as the Comptroller General may deem necessary to inform Congress of the financial operations and condition of the Corporation, together with such recommendations with respect thereto as he may deem advisable. The report shall also show specifically any program, expenditure, or other financial transaction or undertaking observed in the course of the audit, which, in the opinion of the Comptroller General, has been carried on or made without authority of law. A copy of each report shall be furnished to the President, to the Secretary, and to the Corporation at the time submitted to the Congress.

(3)(A) Not later than 1 year after November 2, 1978, the Corporation, in consultation with the Comptroller General, and as appropriate with others, shall develop accounting principles which shall be used uniformly by all public telecommunications entities receiving funds under this subpart, taking into account organizational differences among various categories of such entities. Such principles shall be designed to account fully for all funds received and expended for public telecommunications purposes by such entities.

(B) Each public telecommunications entity receiving funds under this subpart shall be required--

(i) to keep its books, records, and accounts in such form as may be required by the Corporation;

(ii)(I) to undergo a biennial audit by independent certified public accountants or independent licensed public accountants certified or licensed by a regulatory authority of a State, which audit shall be in accordance with auditing standards developed by the Corporation, in consultation with the Comptroller General; or

(II) to submit a financial statement in lieu of the audit required by subclause (I) if the Corporation determines that the cost burden of such audit on such entity is excessive in light of the financial condition of such entity; and

(iii) to furnish biennially to the Corporation a copy of the audit report required pursuant to clause (ii), as well as such other information regarding finances (including an annual financial report) as the Corporation may require.

(C) Any recipient of assistance by grant or contract under this section, other than a fixed price contract awarded pursuant to competitive bidding procedures, shall keep such records as may be reasonably necessary to disclose fully the amount and the disposition by such recipient of such assistance, the total cost of the project or undertaking in connection with which such assistance is given or used, and the amount and nature of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(D) The Corporation or any of its duly authorized representatives shall have access to any books, documents, papers, and records of any recipient of assistance for the purpose of auditing and examining all funds received or expended for public telecommunications purposes by the recipient. The Comptroller General of the United States or any of his duly authorized representatives also shall have access to such books, documents, papers, and records for the purpose of auditing and examining all funds received or expended for public telecommunications purposes during any fiscal year for which Federal funds are available to the Corporation.

(4)(A) The Corporation shall maintain the information described in subparagraphs (B), (C), and (D) at its offices for public inspection and copying for at least 3 years, according to such reasonable guidelines as the Corporation may issue. This public file shall be updated regularly. This paragraph shall be effective August 26, 1992, and shall apply to all grants awarded after January 1, 1993.

(B) Subsequent to any award of funds by the Corporation for the production or acquisition of national broadcasting programming pursuant to subsection (k)(3)(A)(ii)(II) or (iii)(II) of this section, the Corporation shall make available for public inspection the following:

(i) Grant and solicitation guidelines for proposals for such programming.

(ii) The reasons for selecting the proposal for which the award was made.

(iii) Information on each program for which the award was made, including the names of the awardee and producer (and if the awardee or producer is a corporation or partnership, the principals of such corporation or partnership), the monetary amount of the award, and the title and description of the program (and of each program in a series of programs).

(iv) A report based on the final audit findings resulting from any audit of the award by the Corporation or the Comptroller General.

(v) Reports which the Corporation shall require to be provided by the awardee relating to national public broadcasting programming funded, produced, or acquired by the awardee with such funds. Such reports shall include, where applicable, the information described in clauses (i), (ii), and (iii), but shall exclude proprietary, confidential, or privileged information.

(C) The Corporation shall make available for public inspection the final report required by the Corporation on an annual basis from each recipient of funds under subsection (k)(3)(A)(iii)(III) of this section, excluding proprietary, confidential, or privileged information.

(D) The Corporation shall make available for public inspection an annual list of national programs distributed by public broadcasting entities that receive funds under subsection (k)(3)(A)(ii)(III) or (iii)(II) of this section and are engaged primarily in the national distribution of public television or radio programs. Such list shall include the names of the programs (or program series), producers, and providers of funding.

(m) Needs of minorities and other groups

(1) Prior to July 1, 1989, and every three years thereafter, the Corporation shall compile an assessment of the needs of minority and diverse audiences, the plans of public broadcasting entities and public telecommunications entities to address such needs, the ways radio and television can be used to help these underrepresented groups, and projections concerning minority employment by public broadcasting entities and public telecommunications entities. Such assessment shall address the needs of racial and ethnic minorities, new immigrant populations, people for whom English is a second language, and adults who lack basic reading skills.

(2) Commencing July 1, 1989, the Corporation shall prepare an annual report on the provision by public broadcasting entities and public telecommunications entities of service to the audiences described in paragraph (1). Such report shall address

programming (including that which is produced by minority producers), training, minority employment, and efforts by the Corporation to increase the number of minority public radio and television stations eligible for financial support from the Corporation. Such report shall include a summary of the statistical reports received by the Corporation pursuant to subsection (k)(11) of this section, and a comparison of the information contained in those reports with the information submitted by the Corporation in the previous year's annual report.

(3) As soon as they have been prepared, each assessment and annual report required under paragraphs (1) and (2) shall be submitted to Congress.

(B) The Secretary shall provide for close coordination with the Commission in the administration of the responsibilities of the Secretary under this subsection which are of interest to or affect the functions of the Commission so that, to the maximum extent possible consistent with the enforcement responsibilities of each, the reporting
